Nepalgunj Banke, Nepal

Summary :

A highly skilled and experienced software developer with **3+** years of experience in using **PHP** programming language to develop software solutions. Proficient in Frontend and Backend development technologies, including HTML, CSS, JavaScript, ReactJS, NodeJS, and PHP. Skilled in developing and deploying websites and web applications using various frameworks and libraries. Possesses a strong understanding of software development principles and methodologies, as well as the ability to work collaboratively with teams to achieve project goals. Seeking new opportunities to contribute my skills and knowledge to innovative projects.

Skills :

- Programming languages: **PHP**, JavaScript, HTML, CSS, SQL.
- Experience with object-oriented programming (**OOP**) concepts
- Knowledge of web development technologies including HTML, CSS, and JavaScript.
- Familiarity with popular **PHP** frameworks such as **Yii2**.
- Experience with SQL databases such as **MySQL**.
- Knowledge of version control systems such as Gitlab, Github.
- Ability to work collaboratively with cross-functional teams
- Frameworks: **Yii2**, **Bootstrap**.
- Tools and Technologies: **Git**, Photoshop.
- Strong problem-solving skills, ability to work in a team, and strong communication skills.
- Learning **MERN Stack Technology 'MongoDB, Express.js, React, and Node.js'**.

Experience :

APRIL 2022 - PRESENT

Eagle Eye IT Service Pvt. Ltd. Nepalgunj Banke, Nepal. - *Developer*

- Design and develop high-quality software applications using various programming languages, PHP Yii2 frameworks, and technologies.
- Collaborate with cross-functional teams to understand business needs and provide technical solutions.
- Perform code reviews, debugging, testing, and deployment of software applications.
- Work on various projects, such as e-commerce platforms, CRM systems, and custom software solutions.

MARCH 2021 - MARCH 2022

Eagle Eye IT Service Pvt. Ltd. Nepalgunj Banke, Nepal. - *Junior Developer*

- Assisted senior developers in the design and development of software applications.
- Collaborated with cross-functional teams to develop technical solutions.
- Participated in code reviews, debugging, testing, and deployment of software applications.
- Worked on various projects, such as web-based applications, and enterprise software solutions.

NOV 2020 - FEB 2021

Eagle Eye IT Service Pvt. Ltd. Nepalgunj Banke, Nepal. - *Website Developer*

- Developed and maintained various websites for clients using various technologies such as HTML, CSS, JavaScript, and PHP.
- Designed user interfaces, created wireframes, and developed responsive websites.
- Collaborated with clients to understand their business needs and provide technical solutions.
- Performed website maintenance, updates, and troubleshooting.

Training and Workshops :

JUN 2019 - OCT 2023

- ★ Nepalgunj Campus And Management Technology, Nepalgunj,Nepal - **CISCO**
- ★ Nepalgunj Campus And Management Technology, Nepalgunj,Nepal - **Ethical Hacking**
- ★ Siplaya Info Tech, Koteswor,Kathmandu - **MERN Stack**

Future Plan :

I am passionate about transitioning into **MERN Stack** technology to enhance my skills and contribute to innovative projects. My plan includes:

- Undertaking online courses and self-study to gain proficiency in **MongoDB, Express.js, React, and Node.js**.
- Participating in coding bootcamps and workshops focused on MERN Stack development.
- Creating real-world applications to apply theoretical knowledge and develop a strong portfolio.
- Engaging with the MERN Stack community through online forums, meetups, and networking events to stay updated on industry trends and best practices.
- Collaborating on open-source projects and contributing to the MERN Stack ecosystem.

Education :

JUN 2019 - OCT 2023

Nepalgunj Campus And Management Technology, Nepalgunj, Nepal - *Bachelor Degree*

- Studied various computer science and programming courses such as Database Management, Object-Oriented Programming, Web Development, and Mobile App Development.
- Participated in various programming competitions and hackathons.
- Completed a final year project on developing an e-commerce website using the Yii PHP framework.

Declaration :

I hereby declare that the above particulars are true and correct to the best of my knowledge.
